Professional Summary

Operations leader with 8+ years of experience in high-end retail and consumer goods, specializing in bridging the gap between field operations and data intelligence. Expert at transforming massive datasets into growth strategies through **EDA (Exploratory Data Analysis), ETL processes, and advanced visualization**. Recently certified in **Data Analytics (2025)**, combining deep commercial expertise with technical proficiency to generate **Forecasts**, optimize inventories, and lead high-performance teams (60+ members) under agile methodologies.

Technical Stack & Core Competencies

- **Data Lifecycle: ETL Processes**, **EDA (Exploratory Data Analysis)**, Data Cleaning, Hypothesis Testing, A/B Testing.
- **Tools & Programming:** SQL (PostgreSQL), Python (Pandas, NumPy, Matplotlib, Seaborn), **Power BI**, Tableau, Advanced Excel.
- **Machine Learning & Cloud:** Familiar with **Cloud Environments (GCP/AWS)** and **Google Analytics**. Proficiency in **Regression**, **Clustering** (K-Means), and **Model Validation** using Scikit-learn for trend prediction (**Forecasts**).
- **Soft Skills:** Empathetic Leadership, Adaptability, Analytical Thinking, Data Storytelling, and a "Learning by doing" mindset.

Technical Projects (Data Strategy) GitHub Portfolio: https://github.com/Data-Analyst-AI

Massive Retail Inventory & Sales Analysis (32M+ Rows)

- Executed a full **ETL and EDA** workflow on a massive dataset to detect demand peaks and optimize stock.
- Segmented customer loyalty using advanced SQL and Power BI.
- Impact: Demonstrated technical capacity to manage Big Data at an enterprise scale.

Retention Strategy & Churn Prediction (Forecasts) – Model Fitness

- Developed a predictive model to estimate customer cancellation probability (Churn Prediction)
- Performed customer segmentation via Clustering to design personalized retention strategies.
- Tools: Python (Scikit-learn), EDA, Machine Learning.

Marketing Investment Optimization – Showz

- Analyzed LTV, CAC, and ROMI across 2 years of data to optimize acquisition channels.
- Recommended a monthly budget reallocation of $25K–$30K USD based on ROI performance.

Work Experience

S.I Trading Group Ltd | Regional Retail Supervisor (District Manager) | *Mar 2019 – Mar 2024*

- Managed operations across key stores (Liverpool), aligning visual merchandising with sales KPIs.
- Achieved +20% sales growth via brand positioning and segmentation.
- Delivered training in sales, service, and leadership, boosting conversion and average ticket size.
- Optimized inventory turnover and compliance through data-driven reporting.

Leonisa S.A. | Retail Sales Supervisor (District Manager) | *Nov 2011 – Jun 2017*

- Lideré operaciones comerciales nacionales en 100+ puntos de venta (Liverpool, Palacio de Hierro, Sears).
- Gestioné una fuerza de trabajo de 60+ promotores y supervisores, alineando el desempeño con los objetivos corporativos.
- Logré un incremento del 30% en ventas nacionales mediante el análisis de datos de inventario regional y ejecuciones promocionales.
- Reduje la rotación de personal en un 20% mediante la implementación de KPIs y programas de capacitación técnica.

Airbnb (Canada) | *Property Manager & Guest Experience (Freelance)* Jul 2017 – Feb 2019

- Optimized revenue for premium short-term rentals, maintaining a consistent 85% occupancy rate through dynamic pricing strategies.
- Redesigned check-in protocols and reservation logistics, resulting in improved operational efficiency and 5-star guest satisfaction ratings.

Education

Tripleten Bootcamp – Data Analytics Certificate
Oct 2024 – Jul 2025
Key skills: Python, SQL, Tableau, Power BI, Data Visualization, A/B Testing, Cohort Analysis.

UNITEC – B.A. in Business Administration
2000 – 2004
